Northern Grown Pure Strain Brand Seed Potatoes

The best and most popular varieties now in cultivation, not certified, but produced from the most disease-free strains, making them much more vigorous and healthy than ordinary seed potatoes and usually equal to certified seed. From planting to shipping our potatoes are under our personal supervision. The quantity of good seed potatoes is smaller this season and we believe will cost more at planting time. The wise man will order early. A 25% deposit will hold your order.
